Buddi Portable License Key Free [Updated]

Buddi Portable is a lightweight Windows application whose purpose is to help you keep track of your personal budget by creating multiple accounts, organizing your budget in different categories, monitoring transactions, as well as generating comprehensive reports. The advantages of being portable Since this is the portable version of the program, it is important to mention that it doesn't leave any traces in the Windows Registry. You can copy it on any USB flash drive or other devices, and take it with you whenever you need to manage your money on the breeze, without having to go through installation steps. Clean lineup of features The straightforward interface enables users that have little or no financial background to easily tweak the dedicated parameters. Thanks to the multi-tabbed support, you have quick access to the three main functions of the program, namely My Accounts, My Budget, and My Reports. Multiple accounts, budget categories, and reports A new account can be created by providing details about the name, type, and starting balance. You can keep track of multiple accounts, modify, delete, or edit them, as well as schedule transactions. What's more, Buddi Portable comes packed with several preset budget categories and gives you the possibility to create a custom one, filter the budget information by date, as well as copy data from one month to another. Other notable characteristics worth mentioning are represented by the possibility to generate HTML reports which reveal information about your income and expenses for the desired category, pie graphs, list with all transactions, account balances, and other reports as well. There are also a bunch of tools built specifically for helping you automatically complete transaction information, show overdraft limit information, display credit limit data, reveal interest rate, as well as backup and restore the information. Bottom line To sum things up, Buddi Portable offers a handy set of functions for helping you monitor the income and expenses for multiple accounts. Buddi Portable is available for just $19.95 USD. Buddi Portable is a lightweight Windows application whose purpose is to help you keep track of your personal budget by creating multiple accounts, organizing your budget in different categories, monitoring transactions, as well as generating comprehensive reports.
